FRESCO BUFFET SERVICE, our business is food.

Whether it is for five people or five hundred, a buffet or a banquet. We are a small, energetic team who believe in providing good value for money, not just with the food but with the service too.

The people you talk to on the telephone will be the people who cook, deliver and present the food. And they care. So if you have a problem, you know you will be talking to the chief cook and the bottle washer.

FRESCO BUFFET SERVICES can tailor their service to suit your needs - and if you do not know what you want, we will be pleased to advise and recommend appropriate menus for every occasion. Our buffet list will give you an idea of the variety of food that we do, together with sample menus and prices but really our service is as a' la carte as our food. You ask, we will supply - food, drink, music, equipment. Even the staff. That is why we like to think of FRESCO BUFFET SERVICE as tailor made catering at its very best.
